House of Representatives
COMMONWEALTH OF PENNSYLVANIA
HARRISBURG

Mr. Mark Miller
800 Willo penn Drive Apt. G 204
Southampton, PA 18966

20 July 2012

Dear Mark,

Thank you for testifying at the Public Policy Hearing on Education and helping to make the hearing a success. I appreciate your time and hard work in preparing your statements and informing our panel about the needs, not only of our community, but of the education field generally. Your testimony is invaluable to Chairman Sturla and to me, as well as to the other legislators deeply concerned for the future of education in Pennsylvania. It is essential to hear from the educators, parents, students, and concerned residents who feel the direct impact of budget decisions.

I am proud to represent a district of such high academic achievement—measured not just in awards and test scores, but through the dedication of our parents, teachers, and administrators, and the diligence our students. Thank you for offering your perspective and experience to enhance the hearing and highlight the importance of education in our community.

Sincerely,

A handwritten signature in blue ink that reads "Madeleine".

Madeleine Dean
State Representative
153rd Legislative District
