Re: Letter of Recommendation for Mark B. Miller

To Members of the Committee:

I am writing to recommend Mr. Mark B. Miller for President Elect of the Pennsylvania School Board Association.

He is currently in his second term as a School Director and Co-Chair of Keystone State Education Association.

Mr. Miller has a proven record of leadership working with school districts in my Senate District, currently serving on the Education Committee for Centennial School District and an alternate to the Executive Council of MBIT. He has been deeply engaged in advocating for a number of education issues and has testified before the House Education Committee.

Mr. Miller cares deeply about high quality public education in Pennsylvania, and I believe that his passion and experience qualify him for the position of President Elect.

Thank you for your attention to this request.

Sincerely,

*Stewart J. Greenleaf*
